

INTELLIGENCE

Relaxationism Enjoy life

Odourless and Fragrant

INTELLIGENCE

Knowing more about intelligence
Knowing more about the health needs of your family

INTELLIGENCE

Intelligent new form
micro-arc streamline shape

Pursuing the footsteps of innovation
depicting a more appealing form

The knob design is the finishing touch to
bring the smart toilet to life.

INTELLIGENCE TOILET

Rejecting odor and bringing back
the feeling of freshness

Built-in deodorizing and aromatherapy system

Aromatherapy function, can easily absorb odors, odor-cleaning catalyst
Built-in aroma block removes odors and perfumes the entire bathroom space

Aromatherapy Deodorization

Long-lasting fresh air
Blowing out from the back cover

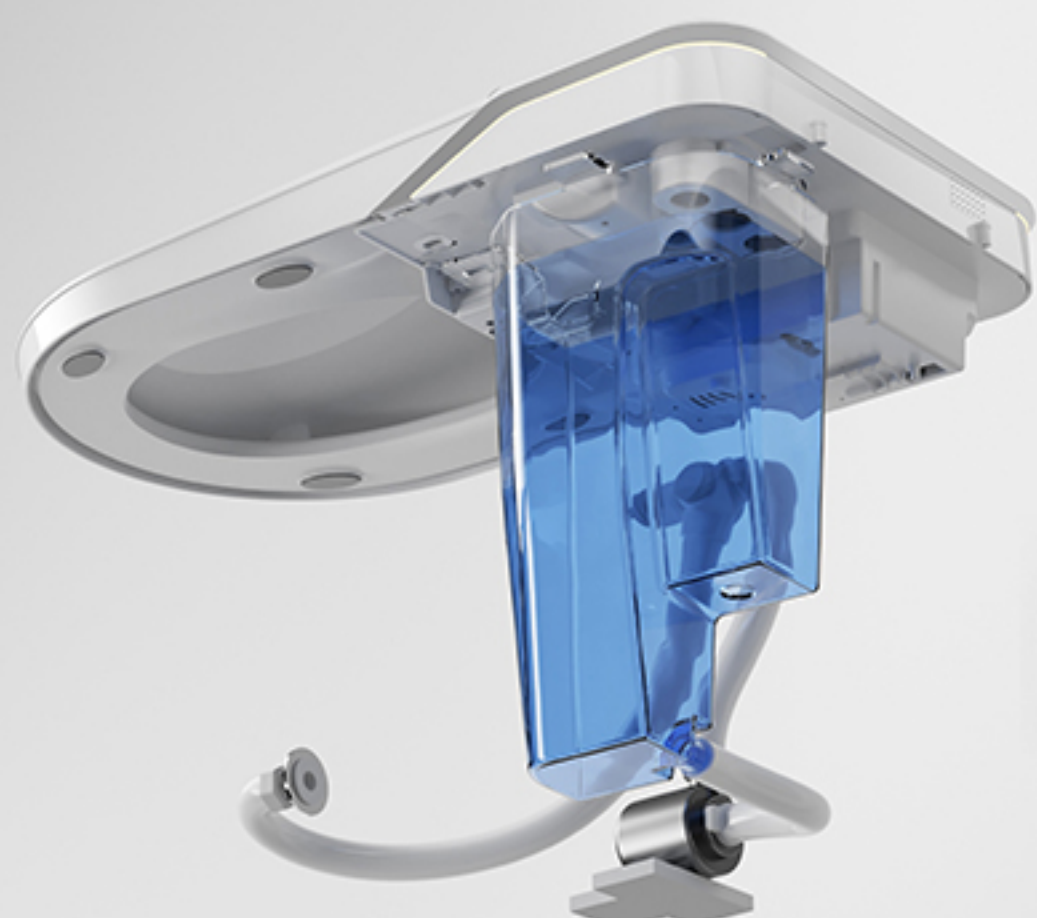

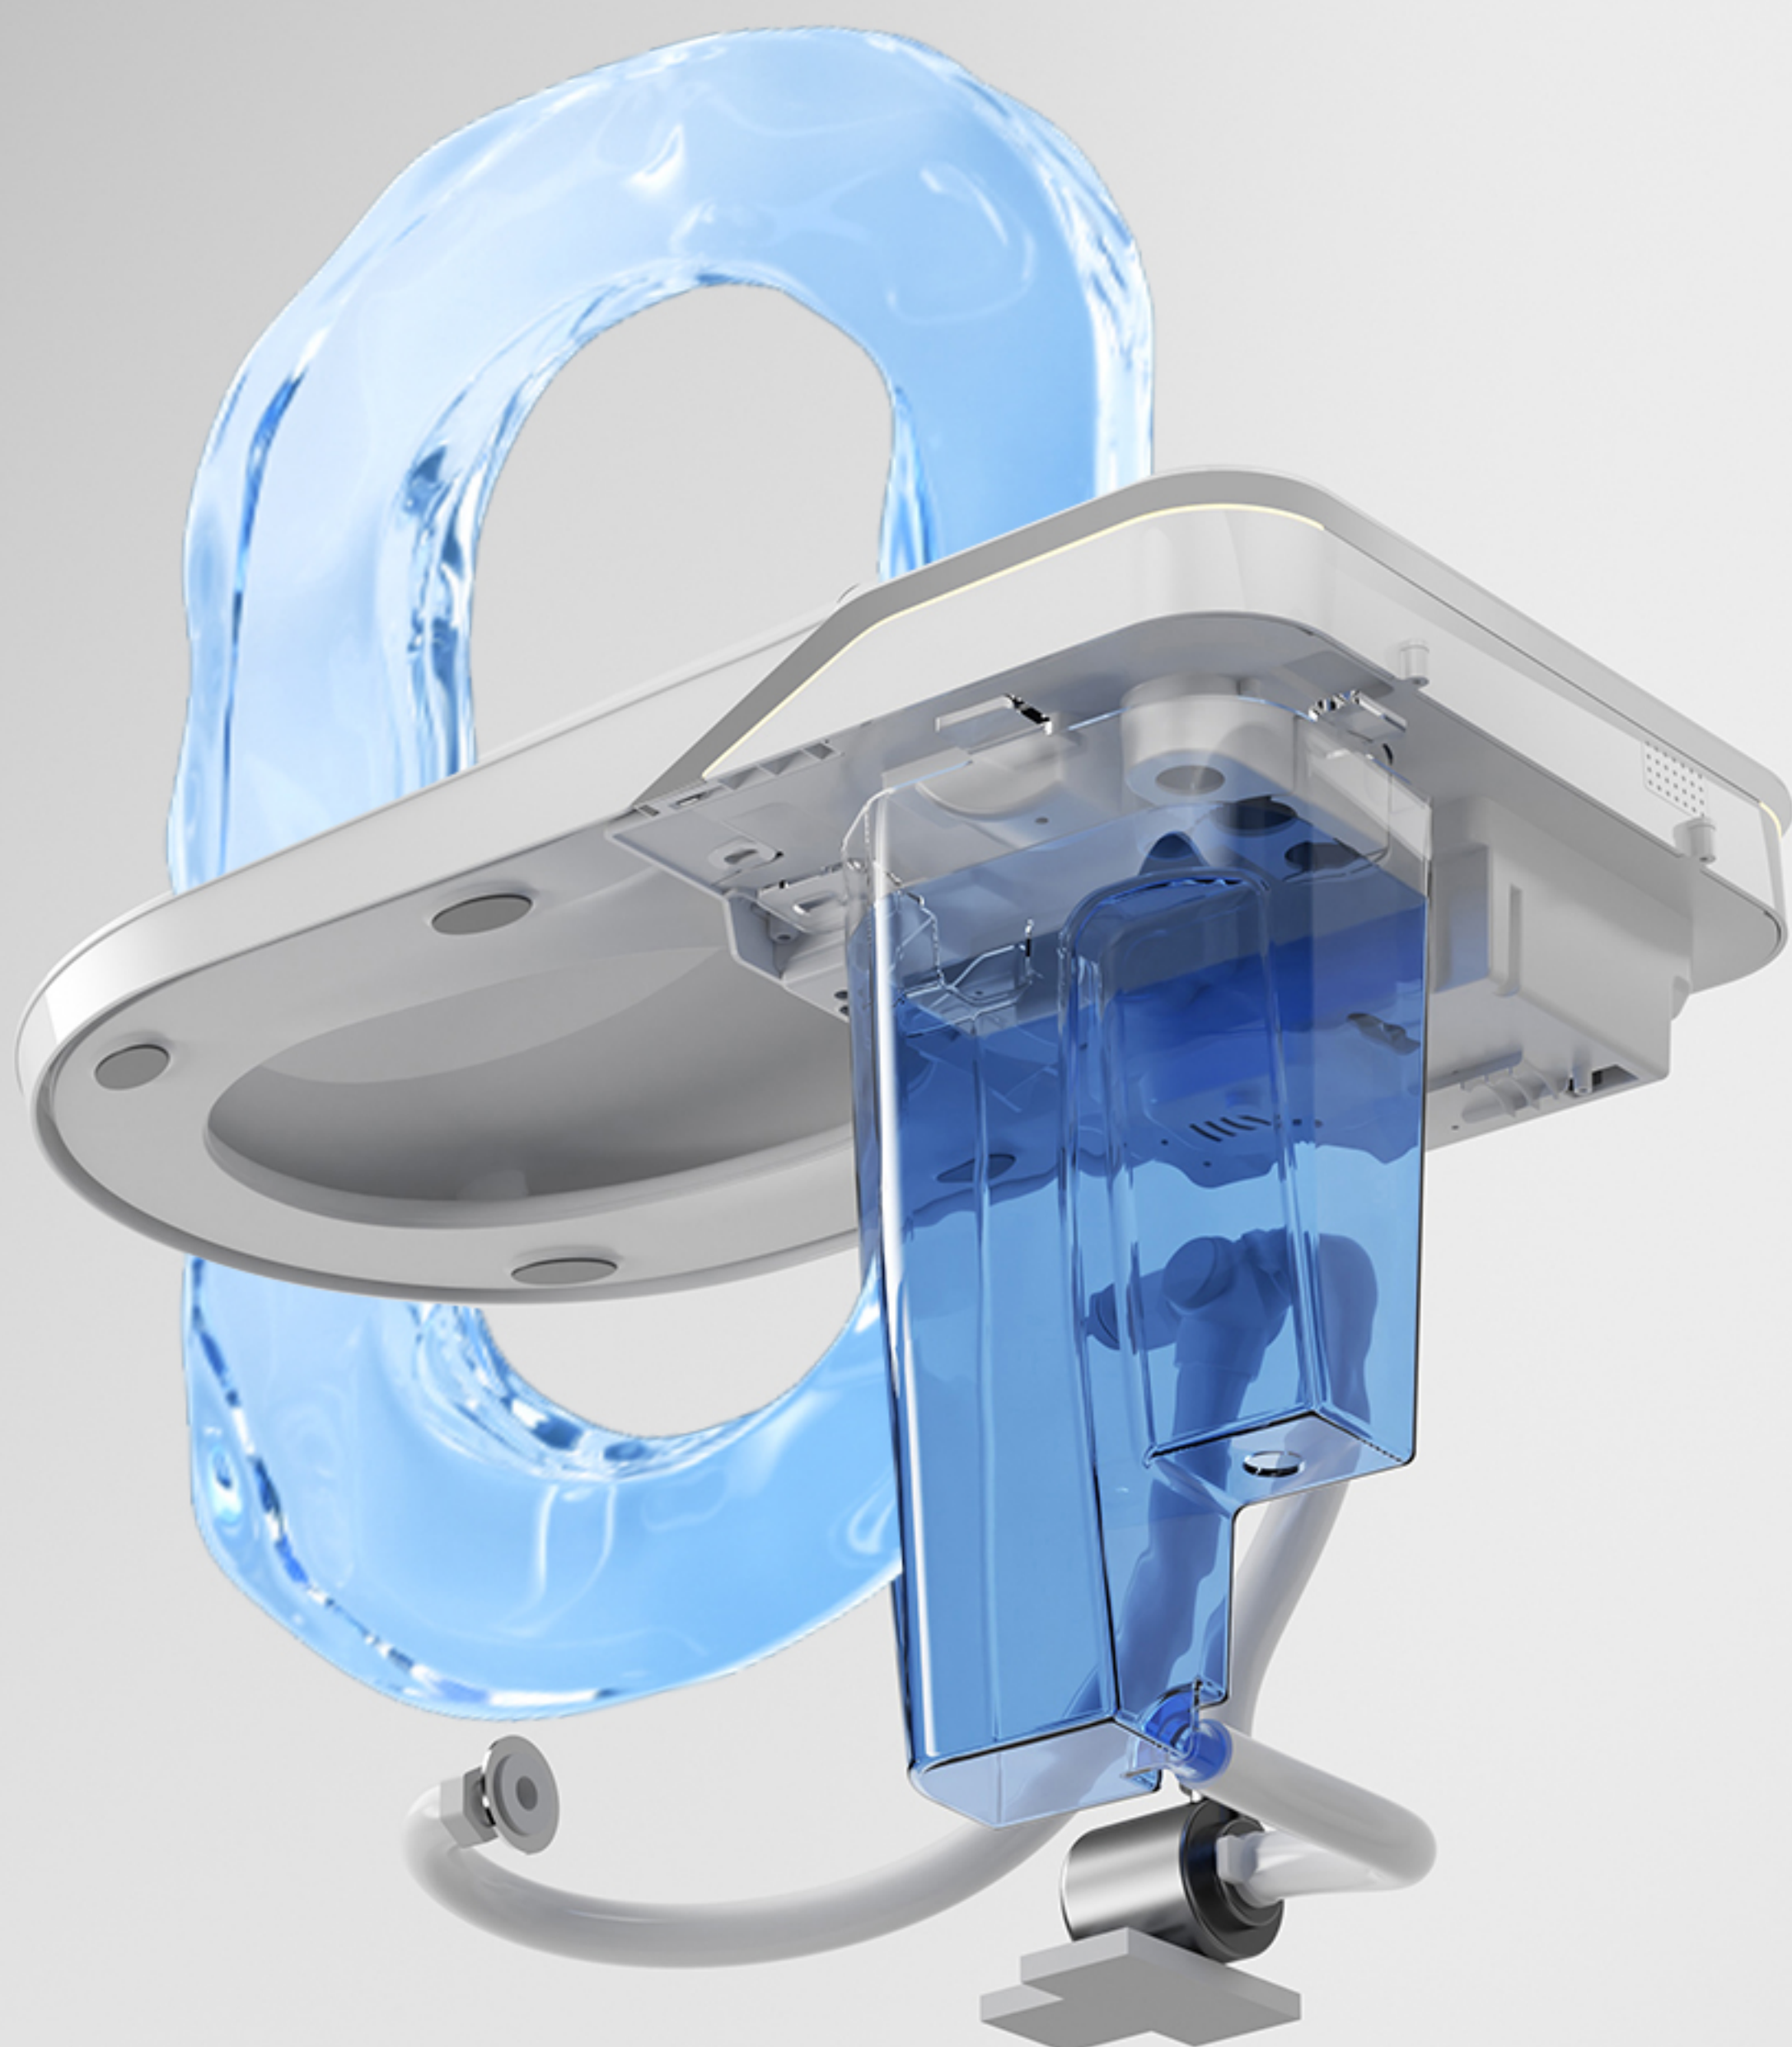

Built-in storage

Easy to replace by
opening the back cover

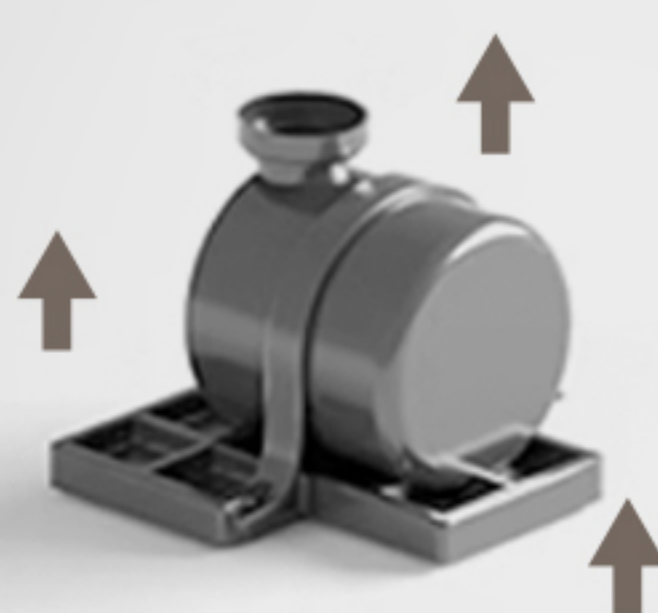

No water pressure limit and it can also be flushed on high floors

The toilet has a built-in water tank and booster pump
The combination of dual power breaks through the water pressure limit
It can be applied even during peak water consumption periods or
in old residential areas.

In-built watertank

Water tank, water storage for backup
sewage discharge guaranteed

Silent booster pump

After the water is stored
it is flushed through the water
pump and pressurized

Strong siphon flushing Double cleaning and flushing

Adopt low-pressure punching technology to prevent backflow
Combined with dual-stage direct flushing
technology and triple supercharging
it can be cleaned immediately without leaving any stains.

Fully automatic sensing flip cover Precise recognition of each approach

Automatic open cover when approaching

The sensing distance can be freely adjusted so that you can use the toilet without touching the whole process, which is more clean and hygienic.

Sensor-open lid can be freely switched to closed or open status

Auto Sensing Mode

Auto open cover
when approaching

Seated

Automatically closes the lid and
flushes when leaving

Foot Touch Mode

Automatic open lid
when approaching

Foot touch
open seat

Standing

Auto close cover and
flush when leaving

Dual Sensor Mode

Foot Touch Flush / Open lid

Energetic and unique shape
Streamlined one-touch knob

Onw touch side knob control
streamlining of daily required functionality

Rotate Clockwise
Female wash function

Rotate Counterclockwise
Hip wash function

One time rotate the side knob
Drying (sitting)
